Project: Geelong Sewer Reline

Client: Tenix/Barwon Water

Location: Geelong, Victoria

Product: Industrial GRP Project (Discontinuous Wound)

Manufacture & Supply: DN1250, PN2, approx 300mtrs.

Approx Value: \$500,000

Year of Project: 2002/2003

Description: Design, manufacture and supply of 3mtr lengths, which were joined at site using rubber O-rings into Fibrelogic integral Bell and Spigot joint. Pipe section were then slip-lined down the corroded concrete existing pipe. Fibrelogic's pipe was quickly and permanently slipped down the old pipe for a new smooth bore pipeline with complete corrosion resistance. The Fibreglass pipe was then grouted in place to add permanency.
